Giants In The Earth A Giants in the Earth follows a Norwegian pioneer family's struggles with the land and the elements of the Dakota Territory as they try to make a new life in America. The book is based partly on Rølvaag's personal experiences as a settler, and on the experiences of his wife's family who had been immigrant homesteaders. Wikipedia About. Giants in the Earth. While Giants in the Earth deals with Norwegian pioneers on the Great Plains in the latter half of the nineteenth century, it is, in a sense, a story of all the American pioneers who went before them into the west, and is a part of the story of the conquest of the continent.

For every pioneer who succeeded — from Daniel Boone to Sutter in California — there were probably two who fell by the wayside, either physically or emotionally. About Giants in the Earth -
